

# The ANZTLA Journal

Australian and New Zealand Theological Library Association  No. 3 (2009)

24th Annual ANZTLA Conference  
Voyages of Discovery

**W**elcome to the third issue of *The ANZTLA EJournal* - the official serial publication of the Australian and New Zealand Theological Library Association.

This issue presents material from the conference held in Canberra, Australia from July 9<sup>th</sup> - 12<sup>th</sup>, 2009. Two hundred years since the birth of Charles Darwin, and 150 years since the publication of *On the Origin of Species*, delegates were encouraged to go on their own voyages of discovery. They encountered new ideas, different perspectives and inspiration to journey further.

Relive the adventure, or set out on your own voyage, as you travel through these pages!
