

The ANZTLA **E**Journal

Australian and New Zealand Theological Library Association  No. 5 (2010)

W elcome to the fifth issue of *The ANZTLA EJournal* - the official serial publication of the Australian and New Zealand Theological Library Association. This issue presents material from the twenty-fifth conference held in Perth, Australia from July 15th - 18th, 2010.

Twenty-five years of ANZTLA! A time to reflect on our past, to remember our story, and to celebrate our achievements. It is also an opportunity, as always, to look to the future, whether that be e-books, succession planning, consortia, promotion, or renovating buildings. In the spirit of those who have gone before us, we continue to 'interact, learn and work towards the development and improvement of theological and religious libraries' (*ANZTLA Mission Statement*). Enjoy!
