

The ANZTLA **E** Journal

Australian and New Zealand Theological Library Association  No. 8 (2012)

Welcome to the eighth issue of *The ANZTLA EJournal* – the official serial publication of the Australian and New Zealand Theological Library Association.

Kerrie Stevens, the ANZTLA statistician, presents the 2011 information relating to our member libraries. In her words from the third issue, statistics ‘should assist you in demonstrating your achievement of your own library’s mission statement, and act as ammunition when you try to get funding increases, staffing increases or other special items.’
