

The ANZTLA **E**Journal

Australian and New Zealand Theological Library Association  No. 9 (2012)

Welcome to the ninth issue of *The ANZTLA EJournal* - the official serial publication of the Australian and New Zealand Theological Library Association. This issue presents material from the twenty-seventh conference held in Sydney, Australia from July 12th - 15th, 2012.

The conference theme of *trax4transition* captures the reality that change is occurring in all libraries, while also suggesting that there are pathways or guides to assist with this process. The logo features multiple tracks; there is no one path that will be best for all of our institutions and, indeed, a given library may travel on many paths as it transitions to a future that serves the needs of its diverse community.

Enjoy!
