*ANZTLA Conference, 7-8 July 2022 – Online.
Presented by ANZTLA Victoria*

The 36th Annual ANZTLA Conference, themed *Adapt, Create, Innovate*, was presented online and at no charge by the conference committee of the Victorian Chapter: Deborah Decru, Melanie Hechenberger and Harriet Sabarez. Despite the now familiar hurdles presented by COVID, the conference was packed with insightful, practical and interesting presentations. Papers from most of the sessions are included herein, giving readers the chance to soak in the

detail and ponder the possibilities for their own libraries and situations. Congratulations to the Conference Committee for an outstanding program of topics and speakers. And speaking of congratulations, well done to Ruth Weatherlake on celebrating 30 years as Ridley College Librarian – an accomplishment not as common as it once was, and one certainly worthy of recognition.
