Kerrie Stevens has always wanted to be a librarian and is currently living this dream at Harvest Bible College in Melbourne. Previous employment opportunities have included the CSIRO (in the food science area), Stockdale Prospecting (a diamond mining company) and La Trobe University – all within their libraries. Since joining ANZTLA in 2003, Kerrie has held various positions, and loves the co-operative spirit within the association. Kerrie is addicted to cross-stitch; loves her Golden Retriever, Clarence; and has a very, very sweet tooth.
