Instant access and searchability

However, laptops are a bit more expensive. You can opt for a cheaper Chromebook for just a few hundred dollars. This only meant for casual use, like checking email, browsing the web, etc. If you're looking for something that's more full-featured, you'll be paying a bit more. MacBooks themselves start at \$899, which is almost twice the cost of an iPad, but it'll let you do a lot more while you're on the go.

Copy Define

If you're having trouble deciding between the two, here are some things that you should know which
