Section One: New and Changed Headings

The headings in this list were selected from the monthly Library of Congress Subject Headings (LCSH) Approved Lists. LC’s Policy and Standards Division posts these lists on the Library of Congress Cataloging and Acquisitions web site at: http://www.loc.gov/aba/cataloging/subject/weeklylists/.

The new subject headings listed here reflect the most recent information available at the time of publication. Headings in this issue’s list were selected from the 2018 list numbers 05 (May 18), 06 (June 15), and 07 (July 13).

The new genre/form terms listed here came from LCSH list numbers 01, 02, 02a, and 04.

Since early 2007, the Library of Congress has been developing Library of Congress Genre/Form Terms for Library and Archival Materials (LCGFT), whose terms describe what something is rather than what it is about, as subject headings do, and are used in MARC field 655 ‡a of bibliographic records.

Examples: 655 _7 ‡a Liturgical books. ‡2 lcgft
          655 _0 ‡a Shape-note hymnals.

(See full instructions in OCLC Bibliographic Formats and Standards, 655 Index Term—Genre/Form.)

No new demographic group terms in the field of theology were issued this quarter. The Library of Congress Demographic Group Terms (LCDGT) are used in MARC field 368 ‡c of name authority records. NACO participants in the ATLA funnel are encouraged to use terms from the Thesaurus of Religious Occupational Terms (TROT) when possible.

Examples: 368 _ _ ‡c Religious converts. ‡2 lcgft
          368 _ _ ‡c Rural clergy. ‡2 trot

More information about LCDGT is available at http://www.loc.gov/aba/publications/FreeLCDGT/freelcdgt.html. This website provides the draft Demographic Group Terms Manual as well as an introduction to demographic group terms, a list of approved terms in PDF format, and a link to authority records for the LCDGT vocabulary in MARC UTF-8 format.

The most updated versions of both genre/form terms and demographic group terms, along with their authority records, appear in LC’s web–based subscription product, Classification Web.

In this issue of TCB, as in previous issues, the following conventions are used:

All headings are in alphabetical order. Subject headings without the instruction [May Subd Geog] are not to be further divided by place. The number in square brackets is the Library of Congress Control Number (LCCN) for that heading’s authority record (not the ARN/Authority Record Number). LCCNs for new demographic group terms have the prefix dg.

All lines begin with their MARC tag. Most headings are followed by other MARC fields that occur in the authority record (e.g., 053, 450, 550, 682), along with explanatory abbreviations:

UF = Used For
BT = Broader Term
RT = Related Term
SA = See Also
