Section One: New and Changed Headings
Compiled by Ann Heinrichs

The headings in this list were selected from the monthly Library of Congress Subject Headings (LCSH) Approved Lists. LC’s Policy and Standards Division posts these lists on the Library of Congress Cataloging and Acquisitions web site at: http://www.loc.gov/aba/cataloging/subject/weeklylists/.

The new subject headings listed here reflect the most recent information available at the time of publication. Headings in this issue’s list were selected from the 2016 LCSH list numbers 7, 8, 9, and 10 (July 18, August 15, September 19, and October 17).

One new demographic group term is listed here as well, selected from list number 7 (July 18). The Library of Congress is developing a new vocabulary, entitled Library of Congress Demographic Group Terms (LCDGT). To support use of the LCDGT, the Policy and Standards Division has published the draft Demographic Group Terms Manual, available in PDF form at http://www.loc.gov/aba/publications/FreeLCDGT/freelcdgt.html. The Manual consists of 35 instruction sheets that provide guidelines and instructions for assigning demographic group terms, proposing new ones, and proposing revisions to existing terms.

Full MARC 21 authority records for the LCDGT vocabulary in MARC UTF-8 format are available at http://classificationweb.net/LCDGT/. This page also explains the structure of the file names and offers information about downloading the files.

One new genre/form term is also listed in this issue. It, too, was selected from list number 7 (July 18).

The following conventions are used, as in previous lists:

All headings are in alphabetical order. Subject headings without the instruction [May Subd Geog] are not to be further divided by place. The number in square brackets is the Library of Congress Control Number (LCCN) for that heading’s authority record (not the ARN/Authority Record Number). LCCNs for new demographic group terms have the prefix dg.

All lines begin with their MARC tag. Most headings are followed by other MARC fields that occur in the authority record (e.g., 053, 450, 550, 682), along with explanatory abbreviations:

UF = Used For
BT = Broader Term
RT = Related Term
SA = See Also
