SECTION ONE: NEW AND CHANGED SUBJECT HEADINGS
COMPILED BY JOANNA HAUSE

The subject headings in this list were selected from the Library of Congress Subject Headings Weekly Lists, available on the Library of Congress web site at:
<http://lcweb.loc.gov/catdir/cpsoc/cpsoc.html#subjects>.

This list consists of headings selected from the Library's list numbers 1—13 of 2010.

The following conventions are used, as in previous lists:

Headings are in a single alphabetical sequence, preceded by MARC tags. The record number (Library of Congress control number) follows the heading. The absence of the instruction [May Subd Geog] means that the heading is **not** to be further divided by place.

The following print constants appear:

UF = Used For

BT = Broader Term

RT = Related Term

SA = See Also

* Asterisks and highlighting mark lines (or paragraphs) that are CHANGES.

Selected changes to free-floating subdivisions are at the end of the list.

**SECTION TWO, PART 1: LIBRARY OF CONGRESS SUBJECT HEADINGS/
DDC NUMBERS OF CURRENT INTEREST**
COMPILED BY PAUL OSMANSKI

“We have temporarily suspended mapping new Library of Congress Subject Headings to suggested DDC numbers to make room for a project to add DDC numbers to the authority records for BISAC (Book Industry Standards and Communications) subject headings. We will resume LCSH-DDC mappings in early 2011.” —
<http://www.oclc.org/dewey/updates/numbers/> (accessed April 27, 2010)

**SECTION TWO, PART 2: LC CLASSIFICATION
ADDITIONS AND CHANGES, B-BX
COMPILED BY ERIC FRIEDE**

The entries in this list were selected from the Library of Congress, Cataloging Policy and Support Office's Library of Congress Classification Weekly List, 4(2010:January 27) to 16(2010:April 21).

"Weekly lists of additions and changes to the Library of Congress Classification (LCC) are posted on the Cataloging Policy and Support Office Web site [at <http://www.loc.gov/aba/cataloging/classification/weeklylists/>] as they are approved"-- Library of Congress Classification (LCC) Weekly List.

The class letter identifies the schedule to which changes and additions are made. New captions are accompanied by a full hierarchy as necessary; changes are indicated by a cancelled line and the addition of a new line. Changes are also highlighted in gray. Numbers that appear in square brackets are not printed in the printed editions of the classification schedules. They are shown on this list only to indicate the location of the corresponding caption or reference within the classification.

This list also includes selected changes and additions outside the B-BX classes relating to religious topics or library science.

SECTION THREE: NEWS AND VIEWS OF THE MEMBERS OF THE ATLA TECHNICAL SERVICES SECTION

EDITED BY LYNN BERG

CONSER FUNNEL PROGRAM UNDERWAY

In January, five ATLA members traveled to Boston for a one-day CONSER training event designed to introduce them to the practices and policies governing the CONSER program.

Following this training, the participants received CONSER authorizations and Library of Congress Control Numbers (LCCN) for use in their serials cataloging.

To date, three trainees have begun submitting serial records for review. As of March 2010, two new records and two updated records have been entered into OCLC. Many more serial records are in the review process. Look for ATLA member symbols in the O40 field of religious serials on OCLC. You will soon begin seeing them there.
