FEBRUARY 2007

ISSN 1548-8497 (online)

*Theology Cataloging Bulletin*, a quarterly newsletter of the Technical Services Section of the American Theological Library Association, is published during the months of November, February, May, and August. It contains listings of new and changed subject headings and classification numbers in appropriate subject areas as well as other information of interest to religion/theology catalogers.

The subject headings in section one of each issue are selected by Joanna Hause (Southeastern College, Lakeland, Florida) from the Library of Congress' *Subject Headings Weekly Lists*. Section two contains Library of Congress Subject Headings/DDC Numbers of Current Interest, prepared by Paul Osmanski (Marist College Library, Washington, DC), and Library of Congress Classification Additions and Changes, prepared by Eric Friede (Yale University Divinity School, New Haven, Connecticut). The general information in this publication (section three) is edited by Lynn Berg (New Brunswick Theological Seminary, New Brunswick, New Jersey). **SECTION ONE: NEW AND CHANGED SUBJECT HEADINGS**  
COMPILED BY JOANNA HAUSE

The subject headings in this list were selected from the Library of Congress Subject Headings Weekly Lists, available on the Library of Congress web site at: <http://lcweb.loc.gov/catdir/cpso/cpso.html#subjects>.

This list consists of headings selected from the Library's list numbers 43-51 of 2006 and list 1 of 2007.

The following conventions are used, as in previous lists:

Headings are in a single alphabetical sequence, preceded by MARC tags. The record number (Library of Congress control number) follows the heading. The absence of the instruction [May Subd Geog] means that the heading is **not** to be further divided by place.

The following print constants appear:

UF = Used For

BT = Broader Term

RT = Related Term

SA = See Also

\* Asterisks mark lines (or paragraphs) that are CHANGES.

Selected changes to free-floating subdivisions are at the end of the list.

This list of LC subject headings is selected from Weekly Lists 2005 nos. 50 and 51 and Lists 2006 nos. 1-7, accompanied by candidate DDC numbers from Edition 22. The purpose of the list is to provide the classifier assistance for topics of recent interest not mentioned explicitly in Edition 22.

The DDC numbers include all headings newly mapped to the 200 Religion Schedule, as well as others considered to be of interest to theological libraries. The list is not exhaustive, and the schedules and tables should be consulted before applying a number from this list.

**SECTION TWO, PART 2: LC CLASSIFICATION  
ADDITIONS AND CHANGES, B-BX  
COMPILED BY ERIC FRIEDE**

The entries in this list were selected from the Library of Congress, Cataloging Policy and Support Office's Library of Congress Classification Weekly List, 44 (November 1, 2006) to 51 (December 20, 2006) and 01 (January 3, 2007) to 03 (January 17, 2007).

“Weekly lists of additions and changes to the Library of Congress Classification (LCC) are posted on the Cataloging Policy and Support Office Web site as they are approved.”—“About the Classification Weekly Lists” ([www.loc.gov/catdir/cpsol/wlcabt.html](http://www.loc.gov/catdir/cpsol/wlcabt.html)). The complete weekly lists are available at: <http://www.loc.gov/aba/cataloging/classification/weeklylists/>

The class letter identifies the schedule and edition to which changes and additions are made. Additions and changes are indicated in two different ways as indicated below.

For additions and changes through list 48 (November 29, 2006): “Existing lines provided as anchor points are shown in italics, with ellipses. An asterisk at the end of a line indicates a change in an existing number, caption, etc.”—From the heading preceding each list. Changes are also highlighted in gray.

For additions and changes from list 49 (December 6, 2006): Italics no longer indicate anchor points, instead new captions are accompanied by a full hierarchy as necessary; asterisks no longer indicate changes, instead changes are indicated by a cancelled line and the addition of a new line. Changes are also highlighted in gray.

This list also includes some changes and additions outside the B-BX classes relating to religious topics or library science.

### FROM MANUSCRIPTS TO MEGABYTES: HOW PRINCETON SEMINARY IS PRODUCING A DIGITAL EDITION OF THE ABRAHAM KUYPER ARCHIVES

Princeton Seminary and the *Vrije Universiteit Amsterdam* are producing a digital edition of the archives of Abraham Kuyper (1837-1920), the Dutch theologian and prime minister. A paper will be presented at the ATLA Conference this June that will share how the staffs of Special Collections and the Cataloging departments at Princeton Seminary are collaborating to describe, digitize, and present an online edition of a significant manuscript collection. The presenters will discuss the project's origins, something about the metadata standards adopted (including the Dublin Core, Encoded Archival Description, the Metadata Encoding and Transmission Standard, and the NISO Metadata for Images in XML), the project's workflow (including the place of outsourcing), and the development of the system used to display the results. Along the way, the presenters will comment on the nature of collaborative projects between library departments, the role of open source software in libraries, and the challenges that smaller libraries face when dealing with such technical projects.

This presentation will appeal to catalogers, special collections librarians, and electronic services specialists who are contemplating posting manuscript collections to the Web.

## CATALOGING & DIGITIZING TOOLBOX [LIBRARY OF CONGRESS WEB SITE](#) PRINTS AND PHOTOGRAPHS DIVISION

The Library of Congress has put together a toolbox of resources for cataloging pictures that includes sections on Cataloging tools produced by the Prints and Photographs Division, "How to" tip sheets, Resource lists, and Articles and presentations. The Tip Sheets are divided into the following categories: General, Digitizing, Planning for processing, Physical processing, and Cataloging and description. Don't know much about cataloging pictures? Check out the power point presentation by Helena Zinkham, ["Bridges & Whirlpools: Best Access Practices for Pictures"](#) for step-by-step guidance.
