MAY 2004

*Theology Cataloging Bulletin*, a quarterly newsletter of the Technical Services Section of the American Theological Library Association, is published during the months of November, February, May, and August. Section two contains Library of Congress Subject Headings/DDC Numbers of Current Interest, prepared by Paul Osmanski (Marist College Library, Washington, DC), and Library of Congress Classification Additions and Changes, prepared by Eric Friede (Yale University Divinity School, New Haven, Connecticut). ## SECTION ONE: NEW AND CHANGED SUBJECT HEADINGS

COMPILED BY JOANNA HAUSE

The subject headings in this list were selected from the Library of Congress Subject Headings Weekly Lists, available on the Library of Congress web site at: <http://lcweb.loc.gov/catdir/cpso/cpso.html#subjects>.

This list consists of headings selected from the Library's list numbers 1–14 of 2004.

The following conventions are used, as in previous lists:

Headings are in a single alphabetical sequence, preceded by MARC tags. The record number (Library of Congress control number) follows the heading. The absence of the instruction [May Subd Geog] means that the heading is not to be further divided by place.

The following print constants appear:

UF = Used For

BT = Broader Term

RT = Related Term

SA = See Also

\* Asterisks mark lines (or paragraphs) that are CHANGES.

Selected changes to free-floating subdivisions are at the end of the list.

**SECTION TWO, PART 2: LC CLASSIFICATION**  
**ADDITIONS AND CHANGES, B-BX**  
COMPILED BY ERIC FRIEDE, YALE DIVINITY LIBRARY

The entries in this list were selected from the Library of Congress, Cataloging Policy and Support Office's Library of Congress Classification Weekly List, 4 (January 28, 2004) to 15 (April 14, 2004).

“Weekly lists of additions and changes to the Library of Congress Classification are posted on the Cataloging Policy and Support Office web site as they are approved. This information was formerly made available in a quarterly publication entitled LC Classification: Additions and Changes. That publication ceased with List 284 (October–December 2001).”—“About the Weekly Lists” ([lcweb.loc.gov/catdir/cpso/wlcabt.html](http://lcweb.loc.gov/catdir/cpso/wlcabt.html)). The complete weekly lists are available at: [lcweb.loc.gov/catdir/cpso/cpso.html#class](http://lcweb.loc.gov/catdir/cpso/cpso.html#class).

The class letter identifies the schedule and edition to which changes and additions are made. “Existing lines provided as anchor points are shown in italics, with ellipses. An asterisk at the end of a line indicates a change in an existing number, caption, etc.”—From the heading preceding each list.

This list also includes some changes and additions outside the B-BX classes relating to religious topics or library science.

**ALA EVENT**  
**“LIBRARY CATALOGS AND NON-ROMAN SCRIPTS”**

Those of you attending the American Library Association Annual Conference in Orlando, Florida, June 24–30, 2004, may be interested in this session.

ALA Unit: ACRL-SEES  
Subtrack: Cataloging & Metadata  
Date and Time: Saturday, June 26, 8:30 AM–12:00 PM  
Program Title: Library Catalogs and Non-Roman Scripts: Development and Implementation of Unicode for Cataloging and Public Access

Program description: As the incorporation of Unicode gains momentum, libraries with large collections of material in non-Roman scripts increasingly face the challenges of implementing Unicode locally. This panel will explore the most recent development and implementation issues affecting our ability to exchange, search, and display non-Roman bibliographic information in local catalogs. The speakers will address what needs to be done in order to bring about a true multilingual and multiscrypt library catalog.

**Speakers:**

**Jost Gippert**, Professor, Universität Frankfurt, Vergleichende Sprachwissenschaft  
**Barbara Tillett**, Chief, Cataloging Policy and Support Office  
**Michael Kaplan**, Director of Product Management, Ex Libris Liaison  
**Marty Withrow**, Director of Product Development, OCLC  
**Joan Aliprand**, Senior Analyst, RLG

## TCB SURVEY 2004 RESULTS

Many thanks to all who responded to the *TCB* survey posted on-line and printed in the last issue of *TCB*. All suggestions for improvement will be taken under consideration by ATLA staff, the *TCB* contributors, and the TSS Steering Committee. A couple of the suggestions have been incorporated into this very issue; the remaining suggestions will take a little longer to evaluate and possibly implement. Please continue to keep us informed of your ideas for making *TCB* more useful to you. All feedback is genuinely appreciated.

Eighteen people responded to the survey. The responses are presented below following the survey questions. The numbers will not always add up to eighteen because in most cases, some of the questions on the survey were answered while others were not. And for some questions, more than one answer was appropriate.

1) Which version of *TCB* do you use: a) HTML? b) PDF? c) PRINT?

**RESPONSES:** a) 5 b) 3 c) 13

2) If you use more than one version, which one do you use the most?

**RESPONSES:** a) 1 b) 2 c) 1

**COMMENTS:** “PDF because of its searching capability, but I read it first in HTML. Then, I usually am searching for something I remember reading, so use PDF.”

3) How do you use *TCB*: a) Review upon receipt only? b) Refer to at various times as needed? c) Distribute among your staff? d) Put it in a notebook? e) Retrieve articles listed in the bibliography through ILL? f) Some other way? (Please specify)

**RESPONSES:** a) 4 b) 11 c) 3 d) 6 e) 6 f) 1

**COMMENTS:**

“Subject Heading and Classification Number Additions and Changes is the part of *TCB* that we use the most. We have a student compare to our database and then change subject headings as needed.”

“When there is a significant classification change (e.g., Nov 2003 BM), I copy it and insert in the appropriate printed LC schedule.”

“I really like the bibliography of articles!”

“What is in *TCB*, I can usually find via LC Weekly lists or by Cataloger’s Desktop.”

4) How could *TCB* be improved as a reference tool in regard to navigation, structure, etc.?

**RESPONSES:** Five people said in various ways that it was “fine.” Two said it was “easy.”

**SUGGESTIONS:**

“Could there be something more blatant than the asterisk to indicate the changed element. Could the change be highlighted with a gray-fill box?”

“...unless we could get the Class changes and LCSH’s collated annually.”

“It would be nice to have keyword searching for all the online issues simultaneously...”

“Perhaps if it had a “hot” index, one could check the index and link to the topic discussed, reviewed, or reported on.”

5) What issues or topics would you like to see addressed?

**RESPONSES:**

“Perhaps metadata & theological library cataloging.”

“As a new cataloger, even more how to’s, articles or essays on cataloging religious works.”

“notify cataloguers about any rule changes; notify readers of relevant workshops for those working in technical services; notify serials staff about relevant title changes, rule changes...”

“Major changes in OCLC as relating to theological catalogers, such as when the \$v was introduced, a reminder to use \$v for Commentaries sub-headings.”

“Maybe more news about what people are doing—do our members do presentations, etc at other library conferences—stuff like that.”

“I would be interested to learn about Dublin Core...”

“Trends in cataloging; discussions on cataloging workflow; incorporating things from ATLA conference discussions.”

6) Can you think of another added feature that you would benefit from? (Current features being the Subject Heading and Classification Number Additions and Changes, and the News and Views)

**RESPONSES:**

“Workshops & Conferences; LC Rule Changes; Serials Title Changes”

“The greatest value to me has been to be able to look over any subject heading or classification changes relating to theology. Articles in the past have been helpful as well.”

“A permanent feature helpful to us would be a “summary of recent rule changes” and where to go to find out more information if we need to.”

7) Would you be willing to contribute to the content of *TCB* by a) writing on a particular topic? b) Scouting for relevant news and trends? c) Providing a review of an article or piece of software, etc.? If so, please indicate your areas of interest and experience.

**RESPONSES:** Four people said yes, they would be willing to contribute. And four people said no.

8) If you are a theological technical services librarian, and do not find *TCB* useful in your work, how would you recommend that *TCB* be changed to address your specific needs?

### **RESPONSES:**

“I must say that I DO find the notification regarding subject heading changes very helpful. Working in a small setting with no cataloguing colleagues, it is easy to miss out on any changes in the cataloguing world. Any information that can help me stay current is greatly appreciated.”

“I find *TCB* useful. But I wonder if it might be possible to post significant changes to the ATLANTIS list? I know it’s difficult to decide what’s important, because significance varies from library to library, but the Nov 2003 issue listed the change from “Sociology, Christian” to “Christian sociology”—probably a heading change that affects most of us to some degree....”

“YES! Very useful, esp. for Theological class changes and LCSH.”
