Section One: New and Changed Subject Headings

Compiled by Ann Heinrichs

The subject headings in this list were selected from the monthly Library of Congress Subject Headings (LCSH) Approved Lists. LC's Policy and Standards Division posts these lists on the Library of Congress Cataloging and Acquisitions web site at: <http://www.loc.gov/aba/cataloging/subject/weeklylists/>.

The headings listed here reflect the most recent information available at the time of publication. Headings in this issue's list were selected from 2014 LCSH list numbers 10 (October 20), 11 (November 17), and 12 (December 15) and 2015 list number 1 (January 19).

The following conventions are used, as in previous lists:

Subject headings are in alphabetical order. Those **without** the instruction [May Subd Geog] are **not** to be further divided by place. The number in square brackets is the Library of Congress Control Number (LCCN) for that heading's authority record (not the ARN/Authority Record Number).

All lines begin with their MARC tag. Most headings are followed by other MARC fields in the authority record (e.g., 450, 550), along with explanatory abbreviations:

UF = Used For

BT = Broader Term

RT = Related Term

SA = See Also

Relevant changes to free-floating subdivisions and genre/form terms, if any, are at the end of the list.

Section Two: LC Classification Additions and Changes, B-BX

Compiled by Ann Heinrichs

The entries in this list were selected from the monthly Library of Congress Classification (LCC) Approved Lists. LC's Policy and Standards Division posts these lists on the Library of Congress Cataloging and Acquisitions web site at: <http://www.loc.gov/aba/cataloging/classification/weeklylists/>.

Items listed here reflect the most recent information available at the time of publication. Entries in this issue's list were selected from 2014 LCC list numbers 10 (October 14), 11 (November 10), and 12 (December 15) and 2015 list number 1 (January 19).

The full hierarchy is provided for new and revised classification captions to show their context within the classification. Numbers that appear in square brackets are not displayed in Classification Web browse screens. They are shown on this list only to indicate the location of the corresponding caption or reference within the classification.

The class letters (B, BS, etc.) identify the schedule in which changes and additions have been made. This list also includes selected changes and additions outside the B-BX classes relating to religious topics or library science.
